

Svino Limited Dental Warranty

Our practice is proud of the dentistry that we provide for you and your family. Our goal is not just to correct any dental problems you may have, but also to show you how to prevent dental disease in the future and to save you time and unnecessary expense.

The long-term success of the treatment we provide depends on how you take care of your teeth and gums at home and keeping all recommended professional cleanings and examinations (recall) within the recommended timeframes. Visits may be every 3, 4 or 6 months depending on your oral health. Our commitment to excel in our profession is further evident by our unique approach to stand behind our treatment to you. With that in mind, we offer the following limited dental warranties for the investment you have made in preserving your oral health.

Composite (Tooth Colored) Fillings:

If a composite filling is the recommended treatment of choice, we will replace or repair it in the event of a failure for a period of 2 years. If the restoration itself breaks or fractures within 2 years and requires a crown or onlay, we will credit the initial cost of the filling toward the crown. You must keep up with the prescribed recall appointments and x-rays to allow us to properly monitor and maintain the restorations, failure to keep prescribed appointments and treatments by our office will void this warranty entirely. (Minimum recall is every six months).

Crowns, Bridges, Inlays, Onlays and Porcelain Veneers.

We will warranty these laboratory made restorations for a full 5 years. We will replace or repair them at no charge during the five year period if the *restoration* breaks or loosens with normal use. Breakage, decay or fracture of the *natural* tooth supporting a restoration is *not* covered by this warranty. You must keep up with the prescribed recall appointments and x-rays to allow us to properly monitor and maintain the restorations, failure to keep prescribed appointments and treatments by our office will void this warranty entirely. (Minimum recall is every six months)

Night Guards (NTI)

We will warranty a night guard or NTI if it chips, breaks or loosens and needs to be re-aligned for up to 3 years. However, if a night guard or NTI is lost the cost to replace it is the responsibility of the patient.
